

My name Jenny Wagner and I am a Kindergarten teacher at St. Francis of the Lakes Catholic School. I graduated from Brainerd High School in 1998 and received an Associate in Arts degree at Central Lakes College in 2001. Then I attended Southwest State University in Marshall, MN where I graduated with a BS in Elementary Education with a Pre-Primary Specialty in 2003.

My husband is a material handler at Silverstar Industries and we have three sons. Maverick is in first grade at St. Francis, Devlin will start kindergarten at St. Francis in the Fall of 2009, and Jaxson is 2 ½.

My hobbies include crocheting, knitting (just recently), beading, fishing, spending time with my family, swimming, scrapbooking, photography, making family DVD's, camping, and watching family sporting events, mainly soccer, t-ball and softball.

I am truly blessed to be working for such a great school. The staff and families that attend the school are like a family and are willing to help in any way they can. I am proud to be part of this wonderful community both as a teacher and a parent and thank God for the opportunity He has given me!
