

I am Yvonne Johnson. I grew up in South Minneapolis, graduated from Roosevelt High School and attended the University of Minnesota.

My husband Denny took a job as a printer in Brainerd. Our daughter Pam and I followed a year later to live on Lake Hubert. Shortly thereafter, Denny and his partner became owners of Bang Printing.

Upon the death of my husband, I moved to Brainerd and attended Brainerd Community College. I earned my degree in Early Childhood Development and was awarded three outstanding achievement awards. All in all it was a wonderful experience.

I did a field experience at St. Francis School and later was fortunate to be hired as Mrs. Bailey's aide.

It is my hope that Jesus is shining through me.
